

NDS.Live Visualization Client

Frank Aurich, Dirk Legler

1 Development Facts

2 NDS.Live Demo

3 Roadmap

└ Development Facts

- ◉ Goal: Visualize NDS.Live data from an external service provider
- ◉ Developed in C++/C#
- ◉ Access to NDS.Live data via HTTP REST
- ◉ Fast development aided by NDS.Live tooling, e.g. zserio code generator

└ NDS.Live Demo

└ Roadmap

- Add support for
 - Road Geometry and Attributes
 - Lane Geometry and Attributes
- Optimize dynamic tile loading and caching
